

## **Knock my head**

Text von Ilse Zacharias

Knock my head when you're cross  
I don't mind you're the boss  
Box my ears Kick my chair  
If it just cleans the air!

Put your foot on my neck  
give me strikes on my back  
You can even tear my favorite shirt apart  
But oh baby - never break my heart!

You're so swell and I can tell  
You're an angel; you're a hit!  
though you seem to come from hell  
every time you have a fit!

Put your foot on my neck  
give me strikes on my back  
You can even tear my favorite shirt apart  
But oh baby - never break my heart!

I have loved you flabbergasting  
neverresting everlasting  
temper from the start  
and I swear to everybody  
that I find you absobloody-  
Absobloodylutely smart!

Smash my cup drop my plate  
make a fuss when I'm late  
tear my cloths filling my shoe  
I don't mind if you do

Smash my glass crash my car  
though you won't go so far-  
kick and box and tear just anything apart  
but oh Baby, never break my heart
