

## MEMORIES

Text von Ilse Zacharias

### 1. Strophe

People never see me crying  
No one ever hears me sighing  
All my pains - locked up and hidden  
All my feelings - guests unbidden  
All my pains - locked up and hidden  
All my feelings - guests unbidden

Just at night time - pain begins to grow  
In the darkness - Tears are free to flow

### Refrain

I'll keep on yearning  
I wish you'd be with me  
My heart is still burning  
When the merciful darkness comes and hides my tears

### 2. Strophe

People say my heart is frozen  
But it's just the way I've chosen  
They would try to stop me fretting  
I don't want to start forgetting  
They would try to stop me fretting  
I don't want to start forgetting

Nothing ever - No more diseases  
Shall be spoiling - Those sweet memories

### Refrain

I'll keep on yearning  
I wish you'd be with me  
My heart is still burning  
When the merciful darkness comes and hides my tears

When night is falling  
I still cry for you  
and my heart keeps calling  
I feel there will be some night it goes and flies to you

## BRIDGE

Mem'ries  
All that's  
Left here  
From you

I don't want to  
lose those memories too!

### 3. Strophe

Days are grey; and there is no more beauty  
I just go and do my duty

Only watching things occurring  
Nothing moving, nothing stirring  
Only watching things occurring  
Nothing moving, nothing stirring

But at night - lying under trees  
I'll be open - For my memories

Refrain  
I'll keep on yearning  
I wish you'd be with me  
My heart's still burning  
When the merciful darkness comes and hides my tears

When the night is falling  
I still cry for you  
and my heart keeps calling  
I feel that some night it  
goes off and flies  
goes off and flies  
off and flies to you
